After detailed discussion, following decision were taken by the committee:

The end user informed the committee that there are single manufacturers for Fibroscan and Spy Glass, therefore direct contracting may be done as per PPRA rules clause No. 59 C (II), and PPRA also allows for direct contracting of Vehicles as per PPRA Rules 59 c (VII). Committee decided on direct contracting with manufacturers for unique products like Fibroscan<sup>™</sup> and Spy Glass<sup>™</sup>. Committee also decided on direct contracting with vehicle manufacturers.
Incharge Purchase Cell informed the committee that PC-I for the purchase of medical equipment and other itmes through ADP Schemes Establishment of Hepatitus Clinics and GI Sections all tertiary care hospitals of Punjab, is under process for approval but on the verbal instruction of the Secretary, SCH & ME, tender/ prequalification process was initiated for the completion of the project till 30-06-2018 and prequalification was initiated with estimated cost and quantity. Now the Health Department has informed that saving are being made in Hepatitus Medicine order, therefore this money may be re appropriated for use in medical equipment purchases. Keeping this in mind quantity of items to be purchased may be increased. Therefore additional quantity of items is attached as per annexure A. After discussion the committee agreed with this proposal and directed that procurement be continued in this manner.
